

# Peanuts

The Groundnut is the native of South America, where it has been cultivated for several countries. Peanut is the major oilseed of India. It accounts for approx. 25% of the total oilseed manufacture of the country. Peanuts Production is highly weak to rainfall deviations and display huge fluctuation between years. We are the best peanut suppliers in India and our clients data base. We are supplying different varieties i.e. Bolds, Java's and have a rich nutty flavor, sweet taste, crunchy texture and relatively longer shelf life.
